

Experience the Ontario parasailing adventure of a lifetime! Take in a breathtaking view from high above the lake with the unparalleled sensation of being airborne. The exhilaration of your first flight is a lifetime experience you will never forget!

Our state-of-the-art parasail WINCH boat lets you take off and land right on the boat. Utilizing a hydraulic winch, you are slowly reeled out from the flight deck located on the boat and after an incredible and scenic flight you are then reeled back to the vessel's flight deck. With this revolutionary winch system you don't even get wet...unless you want too! Ask your captain for the "dip" and get a refreshing light splash as your toes tickle the surface of the water before you get vertical again.

Parasailing FAQ's

Is a parasailing adventure fun? Is it scary?

Fun? Most of our customers would consider fun to be an understatement! It is not scary, but more so exhilarating. It is not at all like bungee jumping or skydiving but more like hot air ballooning with much more control. If you have ever had dreams of flying, you really do feel like you are flying like a bird!

How long does the adventure last?

The entire boating adventure lasts for approximately 1 hour with an average 9 passengers flying, with each person flying in the air for about 8-10 minutes. Campers can double or triple up and fly with their friends.

Is there a minimum/maximum weight requirement?

Flying solo or with a friend? The minimum weight for a solo flight is 100lbs and the maximum combined weight is 400lbs. Eligibility for a single, double, tandem, triple or quad flight is determined by the captain due to weight restrictions and wind conditions.

Do we require any experience or be athletic to participate?

No experience or talent is necessary. If you can sit you can fly! We do all the work and you have all the fun! You do not have to be a swimmer or a water skier to go parasailing! Young or old, or physically challenged.

Will we get wet?

Only if you want to...typically not! If you wish we will do our best to keep you dry, however you may want a "toe dip", and we will try to accommodate you if the conditions allow. On the rare occasion that we need to land you in the water, you will get very wet!

How should we dress?

Casual beach attire: shorts, bathing suits, sandals, tennis shoes and even jeans are okay. You may want to bring a sweat shirt or wind breaker just in case. Dress for the season.

Do I need to know how to swim?

Swimming ability is not necessary, however we provide a floatation vest for you.

Is the captain and crew specially trained, experienced or licensed?

Yes! Our vessel is CCG licensed. Our captain has USCG training and crew are specially trained and experienced in all aspects of parasailing, boat handling and flight procedures.

Photography?

This is the best photo-opp ever! Of course you may bring a camera. You may take your camera up in the parasail for awesome panoramic pictures, at your own risk.

What are the age limits?

All Wahanowin Campers and Staff are eligible to participate in this thrilling and exhilarating activity.

FACTS

- Sky-Mazing Parasail Adventures is a division of Ski-Mazing Watersports School based in Haliburton, Ontario, founded in 2003

We are very excited to offer this unique, safe and amazing activity at Camp Wahanowin!

Jetovator FAQ's

Is Jetovator safe?

Jetovator is very fun and safe. Participants simply stand in a water-pressured jetpack and are gently lifted above the surface of the lake by an experienced operator.

What is the age limit?

Campers in the Senior unit and older can participate in Jetovator.

Can you drive the Jetovator?

Yes. Using hand controls, you can steer the Jetovator to go forwards, backwards and turn left or right.

How high do you go?

The Jetovator can go quite high but all Wahanowin campers will have between 1 and 2 meters above the surface of the lake.

Is it hard to learn?

The Jetovator is very easy to learn. It does not require any previous knowledge or skills. The expert and experienced operator will provide all the necessary instruction to ensure every participant has an amazing and successful adventure.

Flyboard FAQ's

Is Flyboard safe?

Flyboard is a very fun and safe activity. The rush is primarily due to inexperience of the operator. Our operators are very experienced and extremely careful in ensuring each participant has a very safe and enjoyable experience.

What is the age limit?

Campers in the P.G. unit and older can participate in Flyboard.

How high do you go?

Experienced Flyboarders can go quite high and perform various acrobatics. However, all Wahanowin campers, regardless of experience, will only be lifted 1 - 2 meters above the surface of the lake.

Is it hard to learn?

Anyone can learn to Flyboard, but it does take some coordination and balance. Our skilled and experienced instructors will provide expert instruction and an excellent opportunity for success. If you are willing to try, we will enable you to fly!
